Procedural sedation and analgesia in preterm and full-term neonates

Dear colleague,

This survey is developed with the input of several neonatologists to get insights into current practices of procedural sedation and analgesia in preterm and full-term neonates across Europe.

For this purpose, we have developed an anonymous, web-based questionnaire. We kindly request neonatologists (in training) working in European hospitals to complete the survey.

The survey will take approximately 10-15 minutes to complete and can be accessed with the link or QR-code:

https://esurvey.erasmusmc.nl/servicebedrijf/ls/index.php?r=survey/index&sid=797838&lang=en

We would greatly appreciate your valuable participation.

If you have any questions or comments, please contact v.blok@erasmusmc.nl

Yours sincerely,

Veerle Blok, medical student
Judith ten barge, postdoc neonatology
Gerbrich van den Bosch, neonatologist
Sinno Simons, neonatologist
