ESDPPP

The European Society for Developmental, Perinatal and Paediatric Pharmacology

Young ESDPPP Online Research Seminar 2026

Controversies in neonatal pharmacology

Thursday 3.12.2026,
17h15-18h00 | online

register: secretarygenesdppp@gmail.com

This Young ESDPPP seminar aims to bring PhD and early-career scientists together. Connect with PhD students from universities across Europe, share your research, exchange ideas, and grow your network.

Join us in this **2nd edition 2026** for two young-researcher presentations on controversies in neonatal pharmacology under specific circumstances: hypothermia, asphyxia treatment and prematurity.

Katerina Kankova
PharmDr, Clinical Pharmacist
Ceske Budejovice Hospital, Czech Republic

Drug interactions in neonates treated with whole-body hypothermia: a two-center collaboration to exchange experience

Kelly Storm
MD PhD student
Erasmus Medical Center – Sophia Children's Hospital, Rotterdam, the Netherlands

Caffeine for apnea of prematurity: current dosing strategies, mini-loading doses and remaining knowledge gaps
